MADE IN GERMANY

Wassermann is a medium-sized, owner-operated company with head office in Hamburg. We design and produce high-quality technical devices in Germany. Our main users are dental laboratories, dental clinics and various industrial areas worldwide.

Why a Wassermann product?

Wassermann products are manufactured from high-quality materials and the proportion of plastics used is intentionally kept as low as possible. Our devices are known for their suitability for daily use, functionality and longevity. As a result, the users place high levels of trust in the Wassermann brand. We feel it is our duty to support our customers on a daily basis when it comes to safety, service and productivity. Technological perfection, optimum quality and especially sustainability are the benchmarks we set. Thanks to the combination of these values, the family-owned company, since its establishment in 1927, has gained worldwide recognition as a manufacturer of high-quality products.

Hydraulic Press WW-33

The WW-33 is designed for daily use. It has a working pressure that can be adjusted up to 6 tonnes – for the appropriate pressing of 1–3 or 2–4 flasks. It works efficiently thanks to the valve which can be opened to allow the piston to return to its starting position automatically – hence the press is ready again for operation without losing time.

Rust-proof piston
